A Strategic Investment: Why the BIG Life Mastermind Benefits Your Organization

A Brief For Leaders and Executives

Overview

The BIG Life Mastermind Program is a six-month, highly immersive experience developed and led by Joan Burge, the founder and CEO of Office Dynamics International. Built on the principles from Joan's book, *Give Yourself Permission to Live a BIG Life*, this program equips participants with the tools to bring more balance, resilience, and focus into their personal and professional spheres. Through structured sessions and a supportive group dynamic, employees learn to thrive across the five pillars of Living a BIG Life: Career, Family, Financial, Spiritual, and Wellness.

Why It Matters to Your Organization

- 1. Direct Impact on Performance**
 - Holistic employee well-being drives engagement, creativity, and productivity.
- 2. Enhanced Retention**
 - Supporting personal growth fosters loyalty and reduces turnover by demonstrating genuine investment in employee success.
- 3. Resilience and Adaptability**
 - The Mastermind addresses stress management and mental clarity, equipping participants to navigate workplace demands and evolving responsibilities more effectively.
- 4. Alignment with Corporate Responsibility**
 - Today's employers are expected to champion employee well-being; endorsing programs like this reflects forward-thinking leadership.

Why It Works

- **Proven Leadership & Life Experience**

Joan Burge has worn nearly every life hat—employee, business owner, daughter, wife, mother, grandmother, and sister—giving her a deep understanding of the challenges women face in balancing personal and professional responsibilities.
- **Overcoming Monumental Obstacles**

From brain surgery to heart surgery, Joan's resilience offers an inspiring model for members to overcome their own hurdles.

- **Authentic, Supportive Community**
Each session provides ample time for members to share issues, voice concerns, and receive uplifting feedback from fellow participants.
- **Deep Dive into the Five Pillars**
Sessions are strategically designed to focus on Career, Family, Financial, Spiritual, and Wellness goals—ensuring a comprehensive approach to living a BIG life.
- **Structured Reflection & Learning**
Pre-session assignments and self-reflection exercises encourage participants to critically examine habits, mindsets, and long-term aspirations.
- **Expert Guidance for Lasting Change**
Joan's proven ability to foster genuine behavior shifts ensures members not only experience breakthroughs but also sustain positive transformations over time.

Key Benefits for Employers

- **Improved Efficiency and Productivity**
Employees develop greater clarity, focus, and motivation, directly enhancing their professional performance.
- **Healthier Team Dynamics**
By learning to manage stress and maintain work-life balance, participants contribute to a more positive, collaborative work environment.
- **Better Decision-Making & Problem-Solving**
Self-reflection and practical exercises help employees cultivate critical thinking and adaptability—key attributes in fast-paced industries.
- **Long-Term Return on Investment**
Happier, healthier, and more stable employees lead to reduced turnover costs, lower absenteeism, and ultimately a stronger organizational culture.

Final Thoughts

By sponsoring an employee in the BIG Life Mastermind Program, you invest in both their well-being and your company's success. This holistic, deeply personal approach empowers participants to bring renewed energy, commitment, and resilience into the workplace—factors that directly influence your bottom line. Backing this program demonstrates your commitment to progressive leadership and genuine care for your team, ensuring a lasting, positive impact on both individual lives and the organization as a whole.
